ISAACK MUTURI GITAU

Information Technology Specialist | Full-Stack Software Developer | IT Support

CONTACT INFORMATION

- **Location:** Kiambu County, Kenya
- **Email:** isaackgofficial@gmail.com
- **Phone: +254743570561**
- **Portfolio:**

PROFESSIONAL SUMMARY

A results-driven and versatile Information Technology professional with a strong foundation in full-stack web development, IT infrastructure management, database administration, and user technical support. Demonstrated expertise in building modern, scalable web applications using React, Python (FastAPI), and PostgreSQL, alongside hands-on experience provisioning and troubleshooting campus-level network systems. Recognized for sharp analytical problem-solving, seamless team collaboration, and a fast-learning approach to emerging software frameworks and enterprise IT tools.

TECHNICAL SKILLS

- **Languages & Web Development:** Python, JavaScript (ES6+), HTML5, CSS3, PHP, React.js, Node.js, Express.js, FastAPI, Vite, Tailwind CSS
- **Databases, Cloud & Tools:** PostgreSQL, MySQL, MariaDB, SQL, SQLAlchemy ORM, Alembic Migrations, Docker, Git, GitHub, Linux (Kali Linux), VS Code
- **IT Support & Networking:** Hardware Diagnostics & Maintenance, Windows Deployment & Recovery, LAN Infrastructure, TCP/IP, DHCP Configuration, Routers & Access Points, Printer Networking
- **Core Competencies:** Helpdesk Support, Customer Relations, System Administration, Root-Cause Analysis, Cross-Functional Teamwork

TECHNICAL PROJECTS

TrackIt – Lost and Found Management System | Lead Full-Stack Developer

- **Technologies:** React, Vite, Tailwind CSS, Python (FastAPI), PostgreSQL, SQLAlchemy, Alembic, Docker, Git
- Architected and developed a full-stack, responsive web application designed to streamline reporting, tracking, and recovery of lost property.
- Engineered secure RESTful APIs using FastAPI and modeled relational database schemas in PostgreSQL with SQLAlchemy ORM and Alembic data migrations.

- Implemented robust JWT authentication, role-based access control (RBAC), claim verification workflows, and audit logging for system security.
- Crafted a modern, mobile-responsive user interface using React and Tailwind CSS, featuring interactive search filters and dark mode support.

PROFESSIONAL EXPERIENCE

ICT Attachment Professional - Zetech University (Mang'u Campus)

April 2026 – July 2026 Kiambu, Kenya

- Delivered Level 1 and Level 2 desktop, software, and network technical support to over 500+ students, faculty, and administrative staff.
- Provisioned, configured, and deployed Windows OS images, system drivers, and core academic software packages across campus computer laboratories.
- Managed Local Area Network (LAN) infrastructure, configuring IP addresses, DHCP settings, wireless access points, and resolving throughput bottlenecks.
- Diagnosed hardware faults, performed desktop/laptop preventive maintenance, and configured networked printers and shared peripheral devices.

EDUCATION & QUALIFICATIONS

Diploma in Information Technology - Zetech University (Mang'u Campus)

2024 – 2026 | Completed (Awaiting Graduation)
Core Focus: Software Engineering, Web Application Development, Database Management Systems, Computer Networks, Systems Analysis & Design.

Kenya Certificate of Secondary Education (KCSE) - St. Francis Nyacaba Secondary School

2019 – 2022

Graduated with an average grade of **C-**

Kenya Certificate of Primary Education (KCPE) - Nyacaba primary school 2017-2018

Achieved 338 marks on my final exam.

LANGUAGES

- **English:** Fluent
- **Kiswahili:** Fluent
